Dear Robert

Re: 114 BAPTIST STREET, REDFERN

I wanted to thank you for your invaluable advice on selling our home.

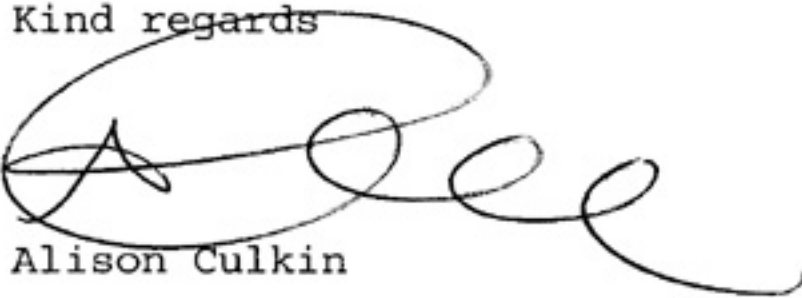

We had spoken to a number of agents regarding the sale and we were unsure of which method of sale we should use and also whom we should go with.

We had decided on a particular agent but were still hesitating on our decision. After speaking with you, you made us feel comfortable in your recommendation to hire another agent.

The agent you chose did a fantastic job. She kept us informed throughout the whole selling process. She sold our property in a short period of time and also, \$30,000 over our reserve price.

Thank you for taking all the stress away from a highly emotional experience and it is with great pleasure that I would recommend your advisory service to anyone thinking of selling their property.

Kind regards

Alison Culkin
